Gardner Asks Excise Commission to Stop Illegal Traffic.

By United Press

JEFFERSON CITY, June 15.—Liquor traffic is running wild in the vicinity of Jefferson Barracks near St. Louis where are stationed between five and six thousand soldiers of the regular army. This information came to Governor Gardner today in a letter from President Brown of the St. Louis branch of the National Security League, who says liquor is being illegally sold to the soldiers.

The Governor immediately called upon the excise commissioner of St. Louis County, as well as the prosecuting attorney, to suppress the traffic.

Brown says the liquor traffic has made it dangerous for women to be in the vicinity of the barracks and further points out that it is illegal to sell liquor to soldiers in uniform.
